Learn about fire safety in a fun way!

Chatterbox Instructions:

Colour in the chatterbox.
Follow the instructions on how to fold.
Quiz your family and friends!

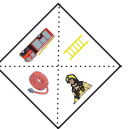

Step 1:

Fold the square in half diagonally to form a triangle. Unfold it and repeat with the other diagonal. Open it up, you should have an X crease on your paper.

Step 2:

Place printed side down and fold each corner to the centre of the paper. This will create a smaller square with four triangle flaps.

Step 3:

Turn your paper over. Fold all corners to the centre of the paper.

Step 4:

Fold the chatterbox in half vertically and horizontally.

Step 5:

Open chatterbox out. Insert fingers and thumbs under the flaps to open it up. The chatterbox should now be able to move.

Step 6:

Ask someone to choose a picture.

Spell that word out while opening the chatterbox left and right (e.g. H-O-S-E).

Repeat by choosing a number or colour.

Finally choose a number or colour to reveal a quiz question to ask them.
